SUMMARY OF PERSONNEL ACTIONS

The Standard Position Description replaces existing standard and exception position descriptions. If the new position description does not reflect actual performance, pen and ink changes or an addendum may be made. Exception position descriptions should only be developed for very unusual circumstances.

OLD PD	NEW PD	COMPATIBILITY
Abolish 50135000, Acft Survival Flight Equipment Repairer Supervisor, WS-4818-09	80357000, Aircrew Protection Element Supervisor, WS-4801-09	Enlisted AFSC 1TIX1, 1T1X0, 2A7X4, 2A7X0

As a result of the functional realignment of Survival Equipment (Fabric Worker, WG-3105), and Life Support (Acft Survival Flight Equipment Repairer, WG-4818) under the Air Operations Group, the following wage supervisory positions will no longer exercise authority and responsibility over the 3105 and 4818 subordinates. Therefore, it is necessary to make pen and ink changes to these position descriptions.

Fabrication Supervisor, WS-3401-10, PD #50064000 - Paragraph "a. Introduction", 6th line, delete "Fabric Worker, WG-3105-09".

Fabrication Supervisor, WS-3401-09, PD #50063000 - Paragraph "a. Introduction", 4th line, delete "Fabric Worker, WG-3105-09".

PD #50062000, Fabric Worker Supervisor, WS-3105-08 is retained for use
